WANGARATTA TROPHIES & ENGRAVERS

Board's decision on safety of 7th tee

The Board has now reviewed the action to be taken to help protect players on the 7th tee from errant drives from the 9th tee. A warning sign has been erected on the 9th alerting players of the hazard and considers this should reduce the likelihood of an accident, if adhered to by golfers. Additional trees will be planted alongside the 7th but will take several years to mature sufficiently to fully protect the tee area. Although difficult to achieve the Board would also like members to report any 'close shaves' to the Proshop so we can monitor if further action will be necessary. The Board wishes to thank all members who took the trouble to contribute constructive ideas to help solve the safety problem.
