Greens Report

We are better than ready.

The course will be up and going as soon as we are allowed to be up and going. - Steve Fisher

The Cottage

The cottage on the course has now been refurbished and a lock up garage with remote control door had been added. This is a very pleasing result thanks to the huge effort by a lot of members.

If you know of anyone in need of a short term lease will you please contact:

Where is my ball?

I play with my husband once a year in the 4BBB round robin. Oh what a day!! We were standing on the 2nd tee waiting for the men to hit their drives. Well Kevan hit his, yelled 'Fore'. Di and I covered our heads then BANG on my bag. Well Di and I looked around and could not find the ball anywhere. Then I saw it in where I put my putter. I could not believe it. I thought I could take it for a walk down the 2nd. No, I didn't. Anyway he had a 5 for 3 on that hole - the only hole he scored on, on the front nine.

Coping with COVID-19

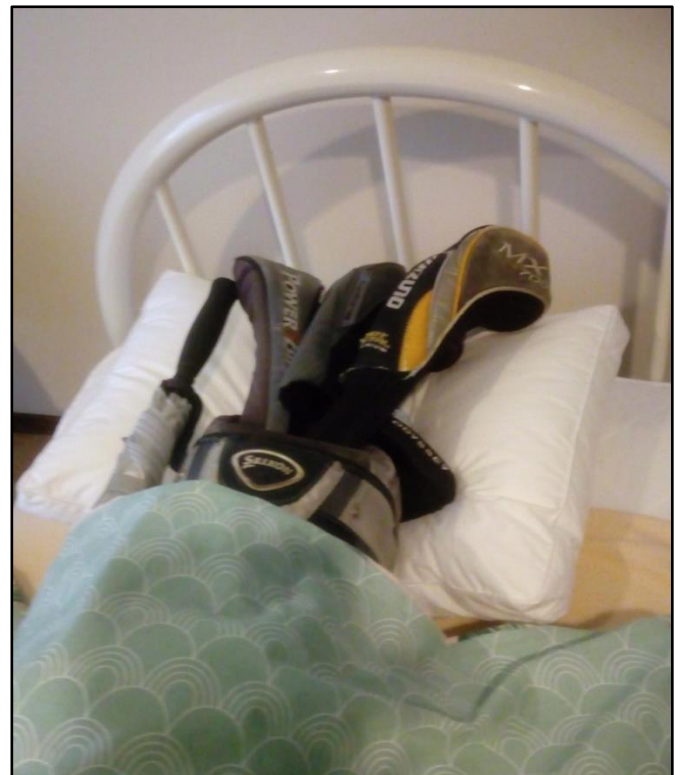

Keeping the game fine-tuned at Thurgoona as all Victorian clubs are closed. Pictured is the storm in the background of the 17th green. We got saturated putting the club's away 15 minutes later.

Acceptable Home Isolation:
Happy Hour with 'friends'

Sponsor: Trevor Wickham (James Court Tours).
Two of his friends are a bit under the weather though.

John has created a romantic practise net for two using a piece of fruit tree netting. It is stopping the Myles family from going batty. Carol practises on the left while John is on the right due to him being a left hander. It is ideal for practising with the driver, the 3,4 or 5 iron but not for lob shots unless you are very good friends with the neighbours.

In these "mad" times I have set up my practice net in the back yard. Luckily I have enough room as I can also practice my chipping down the back & I have a putting mat in the shed. Hope all our members are enjoying their enforced layoff.

The Driving Range at the new
Oxley Flats Golf Club
is up and running.

Rules: Limit of only 2 members at any one time.
Membership 3: This may grow to 4 if the neighbour
(who prefers our mowed fairway to his rough
paddock) can jump the fence.

‘Yeah!!!’

Darby West achieved one of his many daily challenges.

Then the new practice net arrived and Rex the beautiful kelpie remembered about social distancing.

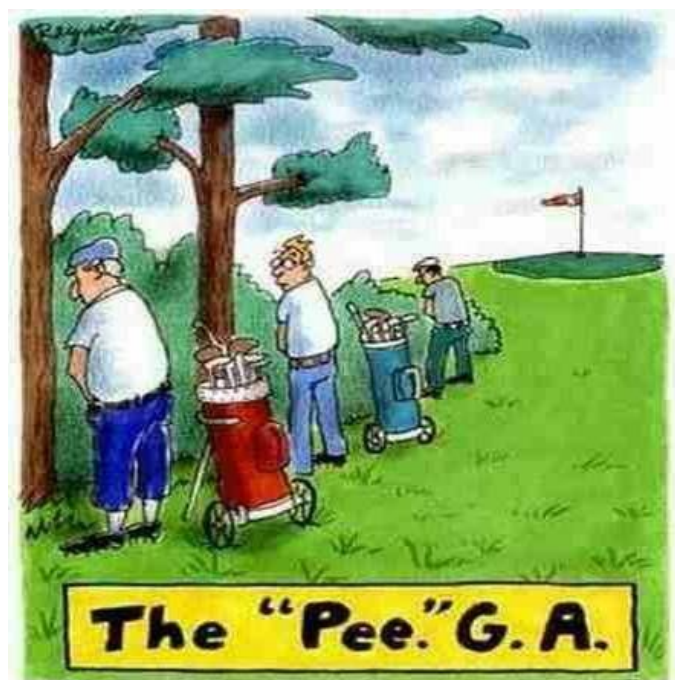

If you have enjoyed seeing how our members are coping with self-isolation and keeping their sanity and golfing skills at the right level keep the photos coming.

Next Meeting

of the board will be held sometime in the future. Any items you want addressed by the Board of Management should be sent in writing to the Secretary.

Golf Quips

You must never forget that golf is supposed to be a game of relaxation. It should take your mind off your work, your mortgage, your income tax and introduce fresh and more serious problems into your life.

- Stephen Baker

And

now you have got time to check this fact.

In 1983, the average golf ball had 330 dimples. By 2001 the average ball had 415, with the range between 360 and 523 as the most popular.

Another Ingredient

For that recipe!
