## A Message from the President

To all of our members, particularly those residing in Metropolitan Melbourne, New South Wales and others outside of Regional Victoria. I want to acknowledge how tough and difficult the most recent restrictions have been on the wellbeing and overall vibrancy of our communities.

My own, and the Committee's, thoughts are with all of our members who continue to be impacted during these challenging times, I do ask that you look out for our fellow members and provide support as required.

Unfortunately, yesterdays' excitement about the chance of easing of restrictions in Regional Victoria was short lived, as we still can't get out and play on our wonderful golf course.

We do look forward to next week with some optimism, that there may be some easing of restrictions in Regional Victoria and hopefully the reopening of golf.

The Federal and State Governments have foreshadowed that when vaccination levels increase to 70 or 80 per cent, we will pivot to a phase of living with the virus. What a great pity it is that we are not at that stage now, as this would have possibly enabled us to be back playing golf.

If you haven't already had "the jab", then I ask that you seriously consider booking in as soon as possible. This is something that we will have to be

prepared to do as the authorities are indicating that it will be the way forward. It will protect yourself as well as your fellow golfing members once, we are all vaccinated.

On behalf of the Board of Management we thank you all, our members, for your understanding and co-operation during this time.

Fraser Jeffrey  
President
