## 80<sup>th</sup> Celebrations Kick Off

So, when something as deserving as this event comes around, you need to go to a higher authority to get the facts. And this is what happened here. Read on.....

“Well, there were many ladies who enjoyed celebrating with Joy at her birthday bash at the King River Café a week or so ago. As a club we are so fortunate to have many people who just keep on giving and doing for our club, and Joy is definitely one of those. Joy helped with organizing a variety of jobs for the ladies committee before she joined the JGC board in 2012. Since then, she has held the membership portfolio and

only recently retired from the responsibility of Jubilee Jottings after 200 editions. I still think some of those risqué jokes that I submitted were suitable for publication Joy. I am sure everyone at the club wishes you many more birthdays to come.”

# Doing it for Jarrod Golf Day

The date is yet to be set but keep your eye out and your diary open as it is coming up. Be sure to wear yellow.

## Rule of the Month

Make sure you can clearly identify your ball so you don't accidentally strike the wrong one off the fairway or hit the wrong one out of the rough. Rule 7 states that players "may fairly search for the ball by taking reasonable actions to find and identify it." These actions include moving or bending anything that impedes your ability to identify your ball. And if you can't identify it when taking these actions, you are allowed to lift the ball to identify it. But the location of the ball must first be marked, and the ball must not be cleaned more than needed to identify it.

If the ball is yours (or another player's ball in your group that you are assisting) you must replace the ball as near as possible to its original spot. The only caveat to this rule is that you are not allowed to clean your ball when identifying it. If you lift the ball when not reasonably necessary, fail to mark the spot of the ball before lifting it or clean it when not allowed, you get one penalty stroke.

## Next Meeting

of the board will be held on Tuesday, the 17th of Sept at 7.00 pm and any items you want addressed at that meeting should be sent in writing to the secretary.

## Doris Chambers Cup

Marilyn Pane & Lee Freeland won our Doris Chambers Foursomes Stableford Club Qualifying Event held on August 1<sup>st</sup>. They won on countback from Melody Adams & Linda Stone who also carded 32 pts. Liane Graham & Vicki Moorhead were just one shot behind, so a very close finish. Marilyn and Lee now have the opportunity to play in the state final at Yering Meadows GC on Thursday 24 October but are unable to. We are not sure yet if any of our pairs are going to participate this year.

## Ladies 4BBB RWH

### Event

Thurs 29<sup>th</sup>

Vicki Moorhead and Janet Wraith won with 42 pts closely followed by Linda Stone and Melody Adams with 41 pts.

## One Fine Day

I recently took the opportunity to walk the Friends Track in the Warby's. I'd been waiting for a break in the too-regular frosty mornings and at last it felt like Spring might be not too far off. That will no doubt also see bigger fields on the course. Jubilee's undulating fairways and greens, laid out in the natural bushland, looked pretty good from Kwat Kwat Lookout.

## Latest Upgrades

### Cart Shed:

If you are interested in storing your cart or buggy at Jubilee GC please give your name to Gordon Paterson in the Proshop. Batteries will need to be taken home to be charged. Put my name on the buggy list, please Gordon! (Libby)

### Coring of the Greens

Forward notice that this is booked to take place on Tuesday 29<sup>th</sup> October.

## Fee Increases

As much as we didn't want to do it, to keep the upgrades rolling forward and maintain our standards, this has been necessary. Fees are coming in steadily now. A big thank you to the early birds. We appreciate your understanding of the need to raise fees this year. There have been significant increases with: Golf Australia fees, Fuel, Chemicals, Maintenance (including replacing 3 pumps and a mower), Electricity, Wages, etc, etc. To keep on top of things, this has been necessary.

## Clubhouse Kitchen

### Kitchen Sink Use

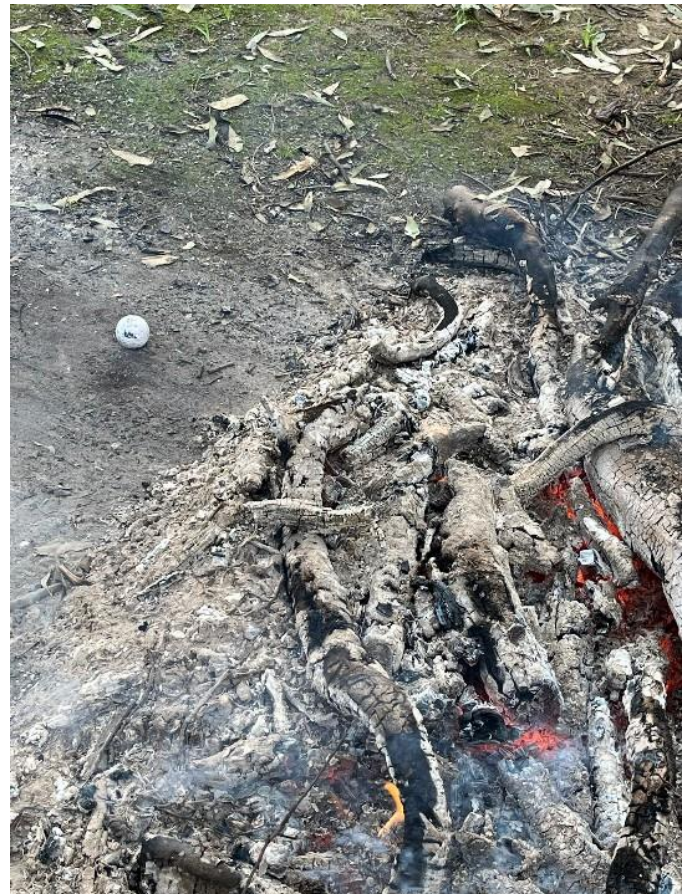

Thou shalt not wash cups in the sink near the urn.

**The sink near the urn is for hand washing only. Who knew?**

The Rural City of Wangaratta Health Inspector is likely to shut the kitchen down if a snap inspection is done and this sink is being used incorrectly. So please wash your cups and spoons in hot soapy water in the back sink, dry them and return them to the drawer and spoon container. Please do not leave cups on any sink. There are signs at the sink to remind you of this requirement. Your help in this matter will be appreciated.

## Strategic Winter Play

What some players will do to ward off the Chilblains. On Thursday 15<sup>th</sup> this month, when the thermometer started out at just 2.8 deg, Judy Fogarty used her second shot on the 15<sup>th</sup> to get the full benefit of the conditions. The question has been asked, "Was it a Hot Dot?"

## Golf Quip

If you're afraid a full shot might reach the green while the foursome ahead of you is still putting out, you have 2 options: you can immediately shank a lay-up or you can wait until the green is clear and top a ball halfway there.

## Guide to Golf Etiquette

### Slow Play

Nothing spoils a game of golf more than having to continually wait for the group in front. It spoils your rhythm, upsets your concentration, heightens frustration ....the list goes on.

And there's really no reason why it should happen. Here are a few tips to speed up your group: little things mean a lot. We want our players to enjoy the course, have a good time, and relax.

1. Walk or ride directly to your ball.
2. Don't wait until it's your turn to putt before reading the green.
3. Limit searching for lost balls to 3 minutes.
4. Think about your next shot before getting to your ball.
5. Be ready to hit when it's your turn to play.
6. Tighten up your pre-shot routine. Cut down on excessive practice swings.
7. Tee off promptly at each hole without undue conversation.
8. Park carts or leave golf bags near the exit area of a green to cut down the time it takes to get to the next hole.
9. Play ready golf.

If your group is losing ground on the group ahead, please either have the first 2 golfers to finish putting leave the green and go to the next tee and hit off. This can save a lot of time. Otherwise, call the group behind through.

## Jubilee Juniors

An echidna, brave enough to consider joining in with the Juniors on Sun 11<sup>th</sup>, kept itself just out of range. Did you know they are Australia's most widespread native mammal, being found in almost all habitats, from snow-covered mountains to deserts and the tropics? They are also found in New Guinea.

## Jubilee Veterans

Another month is almost done and unfortunately there is not a lot to report on for August. Numbers appear to be fairly consistent at around 25 each week however with the warmer weather coming (we hope) the numbers may improve.

NEDVGA tournament at Corowa was reasonably successful with some of our players winning prizes. Alex Jone was 2nd in A grade with 38 points. Peter Ford was 1st in B grade with 36 points and Ian Harbour 40 and Bernie Grealy 39, were 2nd and 3rd respectively in D grade. Danny Potter, Graeme Ulbrick, Ian Harbour and Larry Ball won the team event on the day with best 3 scores totalling 111. Congratulations to all those winners and thank you to all that attended.

Corowa was also the first round of the NEDVGA championships with the second round to be played at Howlong on 30th September. All of you that got prizes in the grades are very much in the running so ensure you nominate for Howlong to give yourself a chance. To all other NEDVGA members nominate anyhow so you can have a good day at Howlong with the rest of us.

A list of results for first 6 places after round 1 will be on the board by Monday as well as the nomination sheet for Howlong.

See you all on the course.
